

Morgan is walking in the woods holding her phone toward the sky hoping to find service to make a call.

MORGAN

No freaking service? I need a damn uber. I'm getting the hell out of here.

Morgan continues to walk farther away from the cabin.

MORGAN (CONT)

I can't believe she tried to choke me. She was lucky I didn't knock her out.

Morgan continues to place her phone in the air as she walks around. Morgan comes to a complete stop and begins to think.

MORGAN (CONT) (CONT'D)

Wait, am I really that much of a bitch or is they tripping? (BEAT) yeah it can't be me, they are tripping.

Morgan stops near a tree. She thinks that she hears noises from the bushed area.

MORGAN

Hello? (BEAT) whose there? Jade? if you are here to apologize, I'm not trying to hear it. You're a rat.

Morgan begins to walk to the area where the noise is coming from. She slowly reaches into the area of the bushes.

MORGAN (CONT)

Derek if It's you, I'm kicking you straight in your tiny balls. and yes Jade told me that your balls are very small. Oops.

Morgan pulls back the bushes and to her surprise, it's nothing there.

MORGAN

I knew it. (BEAT)

Morgan places her phone in the air for reception. Sledge comes from behind the tree. Morgan backs into the tree.

Sledge circles her slowly.

Her back is against a large oak tree.

She's begging for her life. He tilts his head.

Then -

He slams the sledgehammer into the tree trunk beside her head. The bark splinters. She screams as Sledge is teasing her.
