

Jade walks outside closing her robe. Jade sees that Destiny is standing toward a sea of trees while holding a flashlight. It looks like she is talking to the trees.

JADE
(WHISPERING)
Destiny?

Destiny is still looking toward the woods. Jade yells a little louder.

JADE(CONT.D)
Destiny!

Destiny doesn't flinch. She turns around. She shines the light on Jade's face. Jade shields her eyes from the light.

JADE (CONT.D)
What in the hell are you doing out here? It's late, and it's cold. We supposed to be playing board games.
Jade looks around shivering.

JADE (CONT.D) (CONT'D)
Did you hear me? It's cold out here, you should come in. You are tripping.

Destiny lowers the light. Jade shivers a little because of the cold. Jade notices she has a knife in her hand.

JADE(CONT.D)
Destiny, what the hell is going on?

DESTINY
Nothing. Nothing. I thought I heard something. Go back inside and get the games ready.

JADE
You thought that you heard something? and you come out here with a damn knife? No, I'm not leaving you out here alone.

Something moves in the woods. Destiny turns back to the woods. She smiles. Jade is scared.

JADE (CONT'D)

Destiny?

DESTINY

Jade go into the house and lock the doors. Now!

JADE

See, this is why black people don't do the woods and shit!

Jade hears something. She looks around the trees. She is scared. Jade grabs onto Destiny. We continue to hear trees branches. Someone is in the woods. Destiny knows it.

Destiny slowly walks deeper into the woods. She flashes the flashlight around. Destiny's eyes survey the woods. Something or someone is there.

DESTINY

(YELLS)

Let me make it easier for you.

Destiny turns off the flashlight. Something moves again.

JADE

DESTINY, what are you doing?

Jade grabs hold of Destiny as protection again.

She hears something. She flashes the light toward the sound. She walks toward it. Slowly.
