

APRIL

What does my page say?

COURTNEY

We do not have time for this.

APRIL

What does it say?

ANGELA

She needs one believable survivor. Not two.

Courtney slaps Angela hard.

COURTNEY

You were not even there.

Silence.

ANGELA

What?

COURTNEY

The night Nia died. You were at your grandmother's house. April told you the story so many times you built yourself into it.

Angela looks at April. April cannot meet her eyes.

ANGELA

You let me believe I locked her in.

APRIL

I was scared.

ANGELA

For fifteen years?

APRIL

Courtney remembered all of us laughing. She kept saying your name. I thought if she blamed both of us--

ANGELA

You gave me half your guilt.

Courtney smiles faintly.

COURTNEY

That is what sisters are for.

April turns on her.

APRIL

You said Angela knew.

COURTNEY

Angela always knows eventually.

Dominic lunges for Courtney. She pivots and drives the knife into his abdomen.

ANGELA

Dominic!

Dominic crashes into the island, clutching his wound. Courtney advances. April grabs Courtney's wrist.

APRIL

He was supposed to live long enough for the police.
